Installation Instructions:

Compatible with concealed cisterns (PA110, PA111, PA130, PA135, PA136). Compatible with push button panels and remote button sets (PA221 - PA265). A pair of PVC floor fixing brackets are supplied. It is recommended that the pan be sealed to the floor using Silicone which enables the pan to be removed in future and should servicing be required. If the pan is being installed in conjunction with a concealed cistern other than a PARISI model a Kee Seal to suit the 55mm inlet of the pan must be utilised. (PARISI code SP.PA0002). It is not recommended to combine this model with rapid-flow/flushometer systems or traditional high tanks.
